THE BUILDNER'S ARCHITECTURE Honors Architect Ananthapadmanabhan - Marian College of Architecture and Planning Trivandrum Alumnus

Ananthapadmanabhan, an esteemed alumnus of Marian College of Architecture and Planning, has achieved an exceptional feat by winning the Buildner Architecture Portfolio Competition—an international accolade celebrating architects for their outstanding visual presentations. Not only did his work secure a coveted €1,000 prize, but it also garnered a detailed review from Buildner's esteemed judging panel.

Buildner emphasizes the crucial role of compelling portfolios in competitions, pitches, and job applications. The competition underscores the significance of visual presentations as a primary tool for architects to communicate ideas effectively. This achievement stands as a source of pride for Marian College, showcasing its commitment to nurturing talent. Ananthapadmanabhan's journey serves as inspiration for aspiring architects, highlighting the pivotal role of a well-crafted portfolio in shaping a successful career. Currently serving as an architect at Takashi Niwa Architects in Vietnam, Ananthapadmanabhan continues to exemplify excellence in the field. His triumph in the Buildner competition not only reflects his individual talent but also brings recognition to the quality education provided by Marian College of Architecture and Planning.
